

**Proyectos Competitivos comunicados el 17-07-2019**

<b>Código</b>	<b>Nombre Proyecto</b>	<b>Resultado</b>	<b>Fecha única de Cierre (Postulación de Investigadores y Patrocinio Institucional)</b>
ACT190011	Prospecting bean germplasm as a food of the future: Integrating genetics, sustainable production and potential health benefits	Competitivo	03-09-2019, hasta las 15:00 hrs. hora de Chile Continental.
ACT190047	Cryptobiome: The importance of microbiota, cryptogams and soil feedback for the resilience of the antarctic tundra ecosystem under the new climatic scenario	Competitivo	03-09-2019, hasta las 15:00 hrs. hora de Chile Continental.
ACT190073	Plant abiotic stress for a sustainable agriculture (PASSA)	Competitivo	03-09-2019, hasta las 15:00 hrs. hora de Chile Continental.
ACT190087	Biogeochemical reactors in high energy environments driven by pulsating events (B-HEEPE)	Competitivo	03-09-2019, hasta las 15:00 hrs. hora de Chile Continental.
ACT190137	Evaluating the impact of climate change on spreading of microbial virulence factor genes in antarctic soils	Competitivo	03-09-2019, hasta las 15:00 hrs. hora de Chile Continental.
